

Say No to Racism, Say Yes to New Jobs: Vote Green on June 4th

If you can spend 5 minutes voting Green in this election, then you will get 5 years of hard work from Peter Cranie as your Green Euro MP.

Euro MPs are elected by proportional representation. If just 1 in 10 voters back the Greens, we will win a seat, and the BNP will not.

Former Labour and Liberal Democrat Councillors are now backing Peter. With your support we can create more new jobs, a fairer society and a better environment.

Vote for us?

Children can't vote, so it is up to us to use our votes wisely on their behalf – to make sure that when they grow up they have a chance to get a decent job and live in a safer world.

Greens in the European Parliament will continue to work for:

A Strong and Stable Economy

New investment in jobs, skills and low-carbon technology.
Protection of workers' rights and public services.

A Positive Role in the World

Urgent action on climate change and poverty.
A foreign policy firmly based on peace, justice and fair trade.

Respect for the Environment

Safe, healthy food, and protection for our countryside.
Cutting waste and pollution.

Vote for us.

Combat climate change

Affordable homes

Green energy for all

Green transport

Justice & Human Rights

Accountability

Your leading Green candidate:

Peter Cranie

Peter Cranie lives in Liverpool with his wife and son. He works for a parenting support charity and has a strong record as a campaigner against racism.

“Britain already has two Green Euro MPs, who have been working hard and winning many awards for their achievements, openness and ethics. Greens have the courage and vision to tackle climate change and the recession.

My top priority is to create more jobs in the North West in sectors such as renewable energy, home insulation, public transport and recycling.”
